

## How to Support Leadership Launch: Corporate and Organizational Partnership.

Leadership Launch is a growing nonprofit organization making a big impact in Snohomish County. Our mission is to teach young people how to engage in their communities and grow into high-impact leaders. Our team uses student-driven “Launch Projects” to help students discover their passion, develop their character, and prioritize education.

Our students are in their freshman year of high school through first year in college, with the majority of students facing significant financial and personal hardship. Most students will be the first in their family to attend college. We seek to partner with local businesses and organizations to leverage their expertise and generosity to build the next generation of leadership, right now. There are so many ways to engage with our cause and create a lasting impact, please explore some of the options below and reach out to us with questions about how to get involved.

### **Corporate Engagement**

#### **Sponsor a Program**

Our [Launch Projects](#) seek to meet a need within the local community. Sponsoring these projects is a great way to demonstrate your company’s stake in the community and help the students increase the impact of their projects to make long-lasting differences. [Click here](#) for more information on financial giving

We also have sponsorship opportunities for our signature event, [Brats & Brackets](#). This silent auction brings hundreds to Rosehill Community Center for a celebratory evening during March Madness.

#### **Career Connected Learning**

As we help our students consider their post-college career options we offer career connected learning outings in partnership with local businesses, giving students a chance to talk to experts in that industry/field. These outings are about sixty minutes, split between the tour and student Q&A.

#### **Give in-kind**

As a small nonprofit we greatly appreciate professional services and goods (printing, supplies, etc) offered to us, whether that’s a donation to our Brats & Brackets auction, or in support of our programs and services. You can also offer your time and expertise as we try to feature different industry speakers throughout the year to support our students’ professional development.

#### **Corporate Matching**

If you have employees that already give to Leadership Launch, consider a company match! This is an easy way to support your employees’ interests and the students we serve.

If you would like to learn more or are interested in becoming a corporate or organizational partner, please contact Rachel Kittle, Leadership Launch Founder and Executive Director, at [Rachel@leadershiplaunch.org](mailto:Rachel@leadershiplaunch.org).

In Gratitude & Service,
